Its designation "774 80 VDT" may encode specific technical or production information, though the exact meaning remains uncertain due to scarce official records.

Context within Lamborghini's Evolution

During the 1980s, Lamborghini was experimenting with various configurations, including turbocharged engines, advanced aerodynamics, and innovative chassis designs. The 774 80 VDT appears to have been part of this experimental wave, possibly aligning with the company's push toward high-tech, luxury, and performance amalgamation. The period also saw Lamborghini collaborating with other automakers and technology firms, which could have influenced the development of such an experimental model.
